LEE'S DAHLIA GARDENS

OLDEST IN THE STATE
UNIVERSITY PLACE

Route 5, Box 600

TACOMA, WASHINGTON, U. S. A.

KENO

GREETINGS, DAHLIA FRIENDS

It is with pleasure we present this Catalog of our Dahlias which we have selected for being the best of their color and type on the market today. Many are rare and imported varieties as well as the best from America.

We have had a wonderful growing season and our Dahlias this year were the finest we have ever grown, winning us many Sweepstakes and Prizes, and we are proud to say our Dahlia Roots are well matured and will give you the best of results. No stunted stock. We are pleased to report business was better last season than it has been for several years and prospects are for still better business this year, and **we sincerely thank** our many customers who make this report possible, and trust you will again favor us with your orders.

We earnestly solicit your trade. If you have never given us an order, will you send us a trial order and let us convince you of our honesty and the high quality of our stock? Satisfaction Guaranteed!

We both import and export and had the pleasure of sending our Dahlias to many different countries in all parts of the world the past year.

We have over 100 named varieties which are not in the Catalog, so if you do not see the variety you want, please write us.

May this year bring Success and Happiness to you all.

Yours for More and Better Dahlias in every Garden,

J. W. and MRS. J. W. LEE.

DAHLIAS FREE, WITH CASH ORDERS

We send a surprise gift Dahlia with orders of \$2.00 and over, the value of the gift according to the size of the order.

TERMS: CASH with order or before shipping. Order early and avoid disappointment.

DELIVERY—We pay postage on all retail orders, and all orders paid in full are sent out April 15th to 20th unless otherwise directed. Orders sent before April 1st at purchaser's risk.

FULL CULTURAL DIRECTIONS are sent with your order.

WE GUARANTEE all our Dahlias true to name, with live eyes or sprouts. If you have any complaint, make it to us first, and give us a chance to correct any mistake. We believe in a Square Deal for all.

If we may substitute, please give second choice.

REFERENCES: National Bank of Tacoma and Dunn & Bradstreet.

Write your name and address plainly.

VISITORS WELCOME

Our Gardens are located in University Place, on the Center Street-Day Island paved drive, one-half mile west of Fircrest Golf Club; or follow paving on 6th Ave. to Skyline Blvd. and turn to left, 1 mile. Gardens can also be reached by Street Car and transfer to Bus which passes the Gardens. For information as to time, etc., phone us, PROctor 3481-J.

Over 400 varieties of Rockery Plants and other plants for sale at the Gardens. We do not have these cataloged.

HI-LITE and DREAM GIRL are 2 of our 1936 introductions, that we think are the best we have ever introduced. Watch for them in 1936.

WASHINGTON DAHLIA SOCIETY

Join the Washington Dahlia Society. They are a fine lot of real Dahlia Fans and they have a real live Society. They deserve your support. Interesting Dahlia Bulletins sent to Members. Dues, \$1.00 a year.

OUR 1935 INTRODUCTIONS

OLYMPIC SUNSET

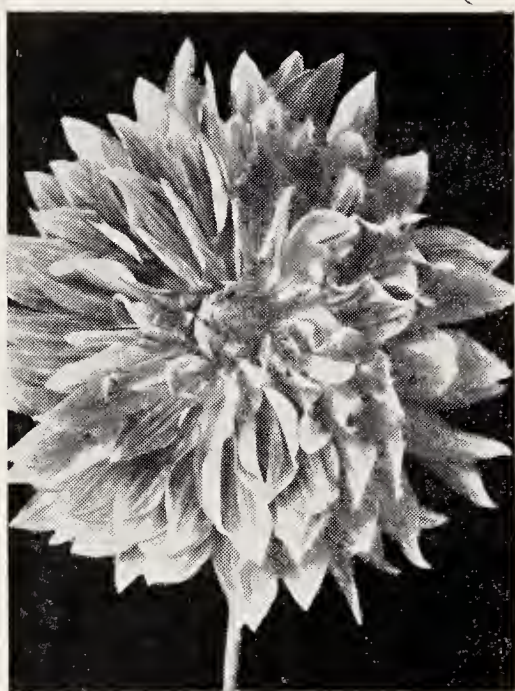

***KENO**—Formal Decorative. Size of bloom 8 to 9 inches across, 4½ inches deep. Average height of bush 5 feet. Long stems which hold the blooms very erect above the foliage. An entirely new color that is neither pink nor red but might be called watermelon pink, but according to Ridgeway's Color Chart it is a Begonia Rose, reverse of petals a lighter shade. A very beautiful Dahlia and one of the very best keepers as a cut flower we have ever grown. Very free blooming-----
Roots, \$7.50 each; Plants, \$3.75

***KISSABLE**—Semi-cactus. Size of bloom 7 inches across, 4 inches deep. Height of bush 5 feet. Good strong stems which hold the blooms erect, and well above the foliage. It is also a very profuse bloomer. Color is a very beautiful creamy pink with a blend of ivory at base of petals. Won 1st Prize for best keeping cut flower variety at the Washington Dahlia Show Sept. 1st to 3rd, 1934, and when judged at the end of the Show blooms were still in perfect condition. A very lovely variety you will enjoy growing-----Roots, \$5.00 each; Plants, \$2.50

***MOONLIGHT BEAUTY**—Formal Decorative. Size of blooms 10 inches across, 3½ inches deep. Height of bush 6 feet. Stems very long, strong and erect. Color is a glistening creamy yellow without shading. One of the most outstanding features of this Dahlia is its wonderful keeping quality when cut, as we doubt that few can equal it. Won 1st Prize for best Formal Decorative in the undisseminated class at the Washington Dahlia Show 1934-----Roots, \$5.00; Plants, \$2.50

***OLYMPIC SUNSET**—Semi-cactus. Size of bloom 10 inches across, 4 inches deep. Height of bush 5 feet. Color is apricot orange and coral with a blending of pale lemon yellow and having a distinct zone of the yellow at the base of petals, reverse of petals rose. A very perfect Semi-cactus form with very full, high centers which always remain closed tight. Stems strong and erect, 4 to 6 inches to first set of leaves, needs disbudding for longer stems, but we believe you will forgive it this small fault for it is otherwise such a wonderful variety and was one of the most outstanding new Dahlias in our Gardens and in the Northwest Dahlia Shows the past season. One of the outstanding Honor Roll Dahlias. Do not fail to get this one-----Roots, \$10.00 each; Plants, \$5.00

***PINK BEAUTY**—Cactus. Size of bloom 7 inches, 4 inches deep. Height of bush 5 feet. This beautiful Dahlia is much like its parent Oriental Beauty in type, but petals are more gracefully waved and it is a lighter shade of pink, being a clear rosane pink without shading. Stems very long and strong, holding the lovely blooms erect. We entered 2 blooms and won both 1st and 2nd Prizes for best Cactus in the undisseminated class at the Washington Dahlia Show 1934. On American Home Honor Roll 1934.-----Roots, \$5.00 each; Plants, \$2.50

RADIANT SUNRISE

***RADIANT SUNRISE**—Informal Decorative. Size of bloom 11 inches across, 3½ inches deep. Height of bush 6 feet. This is a beautiful Dahlia and the color is hard to describe but according to Ridgeway's Color Chart the petals are a pale lemon yellow overlaid with light jasper red with a blending of spinel red and having a distinct zone of yellow at the base of petals, reverse of petals silver, the whole effect is rather like a sunburst of radiant, deep pink radiating from the yellow zone at the base of petals. Stems are long, and hold the big blooms perfectly erect. This variety won 2nd Prize at the Portland Dahlia Show 1934 for best undisseminated variety and was the only entry we made in this class. It always attracted attention in the Gardens and on exhibit at the Shows and was much admired.-----Roots, \$5.00 each; Plants, \$2.50

***ZELA**—Informal Decorative. Size of bloom 7 inches across, 4 inches deep. Height of bush 5 feet. Color is a lovely orchid lavender with deeper shading and has a light blending of white. Stems strong and hold the blooms erect, far above the foliage. A very fine cut flower variety. Roots ----- \$3.50 each

AMERICA'S SWEETHEART—(Salem-Lee's) Informal Decorative. An immense variety which is very outstanding among the 1935 introductions. Color is pure yellow with a particle of shading. Even the outer petals do not fade out like those in most Dahlias. Many of the petals are double serrated and curl and twist and as the bloom develops, they fall back to the stem, reminding one of a gigantic Chrysanthemum. The bloom is held almost on top of an absolutely stiff stem. Bush is medium height. Blooms are very full with high centers and were grown by the originator to more than 12 inches across, in the open field without irrigation or fertilizer, so when grown with fertilizer and water it can be grown to a most gigantic size. Many who have seen this Dahlia say it is the "best Dahlia to date." So do not fail to get this one if you want a thrill. Roots, \$25.00 each; Plants, \$12.50

GOLDEN HOARD—(Salem-Lee's) Informal Decorative. Another Dahlia that grows to immense size in the open field. 11 to 12 inch blooms are common. When blooms are fully developed it borders on the Semi-cactus. The color is a most beautiful old gold with reverse of petals showing a faint tinge of pink. The stems are long and straight, ten inches to first set of leaves, and holds the big blooms high above the foliage. A very vigorous bush of medium height.-----Roots, \$10.00 each; Plants, \$5.00

1934 INTRODUCTIONS

We wish to call Special Attention to these 2 Fine 1934 Dahlias

***WASHINGTON GIANT (Lee) (I. Dec.)**—One of the most outstanding new 1934 Dahlias in U. S. and has made good all over the country. Won the American Home Achievement Medal 1933, and was on the Honor Rolls of new introductions everywhere. Won us 1st Prize for the best 6 blooms Washington introduction at Washington Dahlia Show 1934 and has won us a number of other prizes. Mr. Derrill Hart who grew this variety in the east writes: "Unusual in form and in a color group not over-burdened with varieties, a large flower on extra good stems and with good growing habits." Color is lavender with orchid tints and blended with silver. Petals are broad and waving with curling petaloids between them. Blooms are giant size, over 12 inches across and 7 inches deep without forcing in anyway and always has closed centers. It was larger than any other variety we grew last season and we are growing most of the world's reputed largest varieties. Plants are medium tall, strong erect growing with splendid habits, and healthy insect-resisting foliage. Our stock has never been over-propagated or forced so our roots are strong and full of "pep". Stems hold the giant blooms perfectly erect even to the last blooms in the Fall. If you did not get this last season, do not fail to order it this year, it is grand-----Plants, \$2.50; Roots, \$5.00

LORD OF AUTUMN—(Almy) This 1934 introduction needs special mention among the new Dahlias. Informal Decorative. Size of bloom 12 inches across, 8 inches deep. This Dahlia was the biggest winner at most of the country's largest Shows, and was one of the most outstanding varieties ever put on the market. It is a very gigantic size and at the same time a very graceful and refined bloom, the petals being of splendid texture and very wavy. Stems are long, strong and hold the blooms perfectly erect. Bush grows to about 5 feet and has splendid habits. Do not fail to grow this one—it is a wonder. Color is a very lovely clear yellow without shading-----Roots, \$10.00 each; Plants, \$5.00

DAHLIAS OF REAL MERIT—NEW AND STANDARD

Notice—The letters following the name indicate the type and those with our name (Lee) are our own introductions.

Cactus (Cac.), Intermediate Cactus (I. Cac.)—this type of cactus is too wide in petal to be classed with the true cactus and too fine a petal to be classed with the Semi-cactus, but belongs in a class of its own between Cactus and Semi-Cactus—Semi-Cactus (S. Cac.), Informal Decorative (I. Dec.), Formal Decorative (F. Dec.), Peony (P.), Show or Ball (Ball). Those preceded by (*) are Northwest Introductions.

Roots Each

ACHIEVEMENT (I. Dec.)—A very large flower with petals that curl and twist in a very graceful way. Color gold with bronze shading. Stems are strong -----\$1.00

DAHLIA SEED

We have a surplus of high grade seed more than we can plant and we are again offering it to our customers. This seed is all saved from the finest Honor Roll Exhibition varieties, such as Washington Giant, Spotlight, Satan and others and is the same as we will plant in our own Garden, and is the same quality seed from which we have raised our own Honor Roll Dahlias. Supply is limited, so order early. We did not have enough last season to supply the demand

25 seed mixed, \$1.00; 50 seed mixed, \$1.75; 100 seed mixed, \$3.00

MINIATURE Dahlia Seed—Saved from the very finest varieties and will give a high percent of little beauties 40 seed, \$1.00; 100 seed, \$2.00

POMPON Dahlia Seed—All saved from choice, small varieties 35 seed, 50c

SEED PRICES ARE ALL NET.

SPECIAL COLLECTION

12 roots, large varieties, postpaid \$2.00

For those who want some good Dahlias and are not particular as to the named varieties, we will make this "get acquainted offer" of untagged varieties, all different colors and worth three times the price. Will make a fine show of color in the garden.

MINIATURE DAHLIAS

Types like the larger varieties but small in size, wonderful for cutting. All are profuse blooming, and all have good stems. Plants 2½ to 3 ft. except those marked tall.

- BABY ROYAL (S. Cac.)**—New Gold Medal miniature from England and one of the most outstanding prizewinners in England and U. S. Won 1st Prize for best Basket of Miniatures at Wash. Show 1934. A beautiful little flower of salmon pink and apricot with gold shading. Low growing and covered with blooms all season.....75c
- BALDRE (I. Dec.)**—New. Rosy salmon, very fine.....75c
- BISHOP OF LANDAFF (Duplex)**—Brilliant, rich, velvety red, dark bronzy, lacy foliage. Very attractive.....50c
- CARRIE HAMMOND (Cac.)**—Deep bright pink, extra fine keeper when cut, plants are tall.....50c
- CORONNE (F. Dec.)**—A very beautiful waxy white, resembling a Gardenia.....50c
- CORAL GEM (I. Dec.)**—Geranium pink with tint of gold.....75c
- COULSDON (P.)**—Bright scarlet and gold, pointed petals, tall, very showy.....75c
- DORRITT (P.)**—Deep, bright pink, fine.....50c
- ELIZABETH PAPE (S. Cac.)**—Soft yellow overlaid with salmon pink, a very lovely variety.....50c
- IRENE (F. Dec.)**—Exquisite old rose, tall growing.....35c
- LADY MARY HOPE (I. Dec.)**—New Imported. Very lovely and unusual color of amber and orange tipped white.....75c
- LITTLE JEWEL (F. Dec.)**—Beautiful pink, very good.....35c
- LITTLE LOUIE (Cac.)**—Small dainty, pure pink, tall grower.....50c
- LITTLE PEARL (S. Cac.)**—New Imported. One of the very finest grown. Beautiful rose pink, similar to E. Pape but more pink and a finer variety. The most profuse blooming we have ever seen. Do not miss getting this one.....75c
- MRS. SCRIMGEOUR (F. Dec.)**—New Imported. Very lovely bright orange suffused with apricot. Fairly tall plants always loaded with blooms.....75c

- ROBIN (Cac.)**—Very bright red, fine petals.....50c
- *SWEETHEART (P.) (Lee)**—Mauve pink, very lovely form, petals roll forward, curly center.....50c
- TINY (P.)**—New Imported. Another very outstanding variety that is a prize-winner, you will sure want this one. Wavy petals, color is apricot tinted with gold at the center. Low plants always loaded with blooms. Makes a very beautiful table decoration.....75c

TEENY WEENY

- *TEENY WEENY (Lee)**—1934 Pom Anemone. This variety is without doubt the smallest Dahlia in the world. Blooms ½ to 1 inch across, plants 12 to 15 inches tall and always covered with blooms. This is a new type, having pompon petals around the outside while center is filled tight with tiny tubular Anemone petals, a very unique little flower. Won Sweep-stake for most perfect small Dahlia at the Dahlia Show at Chicago World's Fair 1933, and was awarded a beautiful Silver Medal. It was also in Mr. Berlet's collection of winning Miniatures and Pompons at the Fair 1934. Also has won other Sweepstakes in the Northwest Shows. Color is bright salmon. A little beauty.....\$1.00
